

# SLD SERVICES DYSLEXIA

Our team works hard to ensure your child's Special Learning Disability (SLD) is addressed and all of their IEP needs are met. SLD's include: dyslexia, dysgraphia, and dyscalculia.

## WE ARE PROVIDING SOLUTIONS FOR YOUR CHILD'S EDUCATION

Expatriate experts know what is best for each child's individual academic plan. If your child has a special learning disability and is struggling academically then they may qualify for an IEP and specialized special education academic program. We can commit to necessary assessments and build a customized special education program.

## OVERVIEW

As a comprehensive special education management consulting firm, Expatriate Communications brings passion, dedication, and a wealth of experience in understanding and appreciating the complex challenges in special education. Under your direction, we will be a hands-on partner in meeting the sometimes difficult and painful challenges to providing quality instruction and services.

“  
**WE KEEP SPECIAL EDUCATION SIMPLE®**

## ACADEMIC SLD SUPPORT

- ① Assistive technology and materials can be provided as additional resources for those requiring services.
- ② Instruction accommodations can be made which include: Repeating directions and checking for oral language comprehension of presented information and more.
- ③ Provide classroom, testing, and homework accommodations.

## CHALLENGES

- 1 DETERMINING IEP ELIGIBILITY**  
Parents are often plagued with battling school districts on SLD assessments and IEP eligibility. We can do it for you.
- 2 IEP CREATION**  
Once IEP eligibility is determined, parents are often left with creating and fighting for proper IEP accommodations. Let us do it.
- 3 ACADEMIC PROGRESS**  
Once an IEP is set, parents are often left with the remaining school year and overall academic progression. We help your child succeed and track their progress YOY.

## SOLUTIONS

- 1 SLD ASSESSMENTS & IEPs**  
Expatriate has strong relationships with local school districts, LEAs, and more. We can do the heavy lifting for you in determining your child's special education eligibility.
- 2 IEP CREATION & SUPPORT**  
Our team of experts can cultivate the entire IEP for your child and provide necessary staff support options where needed. Let us keep special education simple.
- 3 iTAAP Data Analysis**  
We have our own data analysis software that allows districts (and soon parents) to track school and district progression. We can utilize this plus staff to track your child's progress monthly and yearly.

## ACTION PLAN

Our team can develop the perfect action plan for your child's learning experience. Academic plans can include audiobooks, picture services, speech to text tools, teacher or classmate notes, and more.

- 4,000+** Special Education students served in just 3 years.
- 12 %** Average annual reduction in excess special education costs.
- 0 %** Due process filings for Expatriate run programs.

## FUTURE PLANS

- ① Parents will soon have access to our iTAAP data services to help with predictive services for their child. Let us help you find the best education available for your loved one.
- ② Parents will be able to access free-complimentary services and for those that require financial help, we offer a sliding scale for additional services as needed.
- ③ We can track and work on your child's overall academic progress month over month and predict the next years school district and individual schools overall academic levels in special education to stay ahead of expectations.
